

Fire & vegetation management information night | Laidley

What is it all about?

The Queensland Fire and Biodiversity Consortium (QFBC) and Healthy Land and Water are partnering with the Lockyer Valley Regional Council, the Queensland Fire and Emergency Services and the Queensland Rural Fire Service to deliver a **free** fire management information night at Laidley.

Landholders will have the opportunity to learn more about the management of fire, with a focus on individual properties and fire management of native vegetation. Attendees will learn how to prepare for and manage fire on their properties and surrounding landscape. A light supper will be provided.

Topics will include:

Speakers from the Queensland Rural Fire Service, the Lockyer Valley Regional Council and the QFBC will share information on:

- Fire management roles responsibilities.
- Advice about planning and preparation for fire seasons.
- Managing fire to protect and enhance native vegetation and conserve plants and animals.
