

Gully erosion repair & pasture management field day

Landholders in the Bremer Catchment area are invited to attend a free gully erosion repair and pasture management field day to learn about cost effective measures to control erosion and improve pasture condition on their properties.

Attendees will have the chance to inspect recently completed small scale projects designed to control historic gully erosion, followed by presentations at the Aratula Hotel Motel. There will also be opportunities to discuss options and practical management practices to reduce erosion and maintain good pasture and land condition on their properties.

Topics will include:

- Managing and maintaining healthy pasture in grazing landscapes.
- Small scale, cost effective gully erosion control options.
- Managing ground covers and vegetation to assist in erosion control.

For more information call or email Bruce Lord on 0427 013 284 or bruce.l@hlw.org.au or Samille Loch-Wilkinson on 0400 910 128 or samille.lw@hlw.org.au.
