

## Fire & vegetation management information night

### What is it all about?

The Queensland Fire and Biodiversity Consortium (QFBC) and Healthy Land and Water are partnering with Ravensbourne and District Landcare, Toowoomba Regional Council and the Rural Fire Service to deliver a fire management information night.

Landholders will have the opportunity to learn more about the management of fire, with a focus on individual properties and fire management of native vegetation. Attendees will learn how to prepare for and manage fire on their properties and surrounding landscape. A light supper will be provided.

### Topics will include:

Speakers from the Rural Fire Service, Toowoomba Regional Council and the QFBC will share information on:

- Fire management roles responsibilities.
- Advice about planning and preparation for fire seasons.
- Managing fire to protect and enhance native vegetation and conserve plants and animals.
